## Gas Strut Servery Window

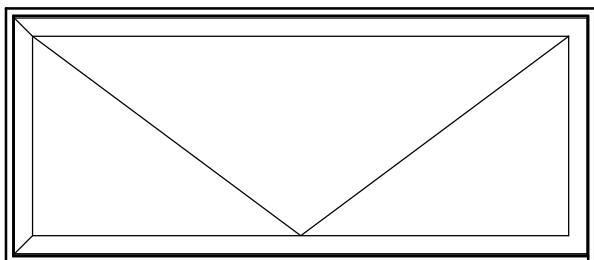

The Gas Strut Servery window from Alspec offers a versatile Servery window that is easy to fabricate and install.

It has been designed to maximise natural airflow with minimal obstruction by creating a wide opening.

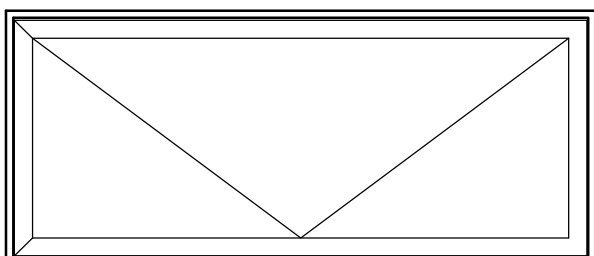

Suitable with sill and no sill applications while incorporating twin bolts/flush bolts for easy locking.

### Typical Configurations

#### With Sill

#### No Sill

### CAD Cross Sections

### Key Features

- Perfect kitchen servery window providing a full 90 degree opening.
- Available with a sill or no sill.
- Effortless smooth opening by high performance gas struts and hinges.
- Self-latching locking system without the need for holes in the frame or cut into your bench.
- Maximises natural airflow
